Ring bell

Chapter 1 by PigletPinkPancake

I sat in my math class waiting for the final bell to ring. Staring at it. My eyes nearly bulging out of my eyes.

Ring!

That's it!

Just ring!

Then school would be older. And I could go to the field. And sit. Sit and wait. Wait for the ship to come over head. Ever night at 6:00 sharp, something big passes over the sun. And you can only see it from a special field. So bell just ring.
